### **Statement of Supervisor/Declaration of Acceptance**

As a supervisor of the Doctoral School of Biology of the University of Szeged, I would be pleased to welcome Jishnu Sarathi Deb if he obtains the Stipendium Hungaricum for her Doctoral studies. The main area of research will be "*Investigating the role of polycomb repressor complexes during mouse lineage commitment by embryonic stem cells*".

I hereby undertake the supervision of the candidate for the proposed research project and will oversee the progress.

Dr Melinda Purity, PhD; Dr Univ.
